ATTRACTION ANNOUNCED.

A play which is entering upon its tenth season of success must have merit. Such is "A Romance of Conon Hollow" which will be seen at Love-day Opera House next week.

It will be a complete and pretty scenic production with a carefully selected cast, and the additional feature of a splendid vocal quartette and a troupe of plantation dancers who are said to be "great". There are a score of people used in the production, and the company is unusually strong. The date at our opera house is next Tuesday April 5th. Seats now on sale.

HOW TO BREAK UP A COLD.

After exposure take Foley's Honey and Tar. It stops the cough, heals and strengthens the lungs, and is safe and sure. Contains no opiates. A. A. Herron of Finch, Ark., writes: "Foley's Honey and Tar is the best preparation for coughs, colds and lung trouble. I know that it has cured consumption in the first stage."

ANTRIM'S COURT HOUSE.

The court house situation in Antrim county is waxing warm and a great many things are being said against building a court house now which would seem to be the result of selfishness. Antrim county has no court house and, as Judge Mayne says, no suitable place to hold circuit court. It is a town hall for which the county pays a large rent. It is evident that the fight against the court house is being carried on by the timber interest which are at present large in the eastern towns, to save themselves from the court house tax. They are operating through Central Lake which they have induced to make an offer for the court house there. The county seat of Antrim county is in the center now and will never be moved. The lumber interests of Central Lake are writing letters to help put up a fund to fight the court house as the following letter shows: "Cameron Lumber Co., Central Lake, Mich., March 28th, 1904; Mr. Houseman—We got some men out working against the proposition to bond the county for a court house; to try and combat the prejudice they are trying to raise against the lumber interests. Now we have done all we can and our committee claim they can't go further without enough money to pay expenses, hotel bills, liveries, etc. Can you do anything? If you feel disposed, wire me by phone what to do for you. Yours truly, A. Cameron." This letter was written to Mr. Houseman, an extensive timber owner in southern part of the county.

Further comment is unnecessary. If the large timber interests will combine to fight the court house, it would seem to the interest of the people to vote for it now when the timber can be made to bear its share. Ward's pine in Mancelona township, alone, is assessed at \$665,000 which is more than two times the entire valuation of Echo and Jordan townships. Ward's valuation is 2400 times the valuation of a forty acre farm with a valuation of \$500. The timber in Mancelona, Star, Warner and Chestonia is assessed at \$1,240,000 which makes just the timber valuations more than four times the entire townships of Echo and Jordan. It seems as though common sense for our neighbors would be to build a court house now while the non-resident timber valuations would pay more than a quarter of its cost.
